

Beth Davis

Executive Coach & Consultant

With nearly 20 years of experience across multiple global organizations and industries, Beth is a leader in aligning business strategy with people-centered practices. With her guidance, businesses can implement strategies to ensure their mission, vision, and objectives mesh seamlessly with their culture, talent management, and business practices.

Beth has provided support for powerful business sectors across the globe, from technology start-ups and multibillion-dollar integrated healthcare delivery systems to financial services and multi-faceted engineering, construction, and power industries.

She is passionate about bringing Agile methods and mindsets to organizations serious about creating value with and for others. Beth is a recognized thought-leader in Agile Human Resources and is helping to transform the profession in support of lasting change and thriving workplace cultures.

“I believe everyone is responsible for the health of a company’s culture and if we can share in that leadership together we have a great opportunity to create workplaces that do a lot of good with and for many.”
